SoundWaves

Spanning four acres, SoundWaves features 111,000 square feet of indoor attractions, dining and amenities, as well as 106,000 square feet of outdoor water attractions.

The indoor experience is uniquely arranged vertically on three separate levels. Rides are intertwined with living walls and plant beds—a natural extension of the resort's nine acres of garden atriums.

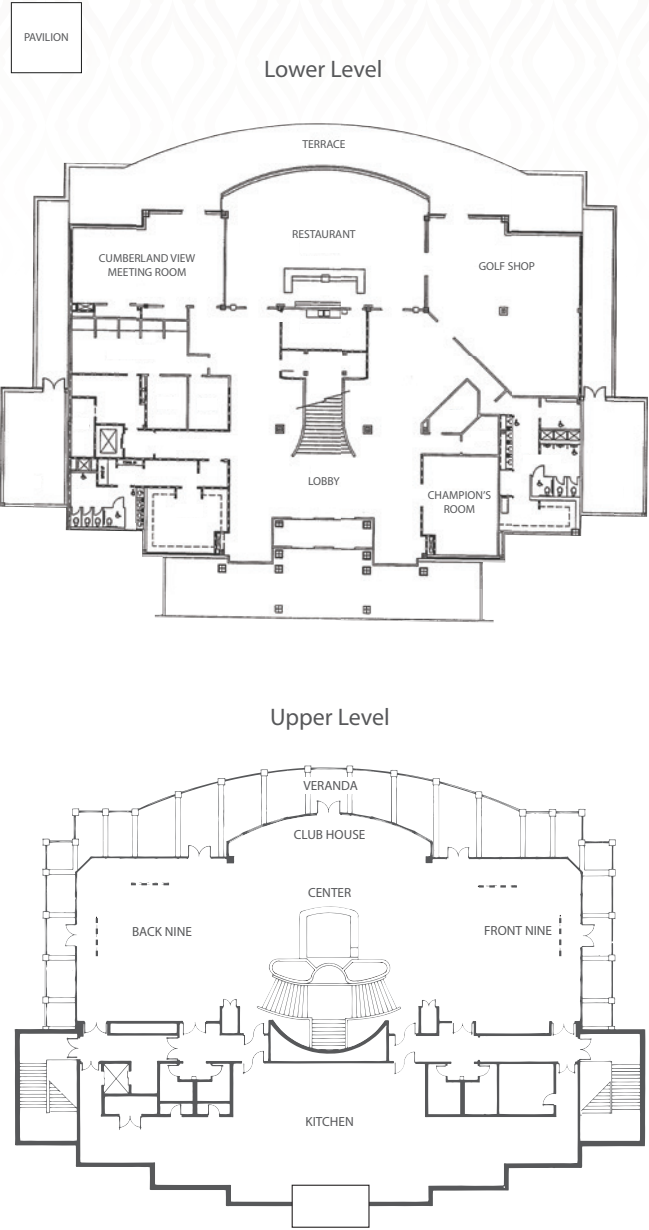

Much like the temperature controlled indoor gardens at the resort, SoundWaves will be kept at 84 degrees indoors year-round. In addition, its unique roof will allow guests to sunbathe indoors, even in the winter!

SoundWaves is available for group buy-outs.
Please contact your sales representative for more details.
